An independent inventor is any inventor who:

☒ **SMALL BUSINESS CONCERN**

A small business concern is defined as a business concern:

- 1) whose number of employees, including those of its affiliates, does not exceed 500 persons, and

Concerns are affiliates of each other when, either directly or indirectly, one concern controls or has the power to control the other, or a third party controls or has the power to control both. The number of employees of the business concern is the average over the fiscal year of the persons employed during each of the pay periods of the fiscal year.
